

WHY OUR PREMIUM ORBITAL SANDER IS THE BEST CHOICE

PERFORMANCE - 220W Motor.
Power to get the job done

VERSATILITY
Multiple options to fit the customers
needs & increase productivity

ERGONOMICS
Superior sound & vibration levels and
an awesome ultimate comfort grip

ERGONOMIC EXCELLENCE. POWERFUL PERFORMANCE.

When it comes to sanding and finishing jobs, comfort is as important as power. That's why we've upgraded both with our newly designed and engineered line of Premium Random Orbital Sanders, delivering best-in-class ergonomics and increased power to provide prolonged productivity and performance.

TOOL DESIGN

Recessed Paddle to avoid pinch points

Extended handle for additional support that hinges up for easy access to the air inlet

Contoured housing to fit user's hands comfortably for extended periods

All models are vacuum ready; self-generating vacuum options are also available

Up to **40% lower** vibration than previous models with **50% more power**

Easy to use, yet tucked away regulator for quick changes

Available in 125 mm and 150 mm Pads; Vinyl or Hook & Loop Pads; 2.5 mm, 5 mm and 8 mm orbit sizes
