## Performance

Get more done in less time with the unbeatable combination of operating pressure and flow rate that allows it to power through clogged fittings and deliver grease quickly to the application.

## Comfort

Work with greater comfort and less fatigue — lightweight 7.2-pound design, ergonomic handle with over-molded grip reduces vibration for extended use.

## Durability

Increase uptime and decrease maintenance — steel-reinforced metal gears, heavy-duty motor and robust housing protect against breakage in the harshest environments and withstand repeated drops and shop fluid damage.

## Do the Job. Do it Fast. Do it Every Time.
